Are you a passionate and enthusiastic Speech & Language Therapist (SaLT) who is looking to join our thriving and successful Trust and play a pivotal role within our inclusion team? This is a unique post where you will deliver a SaLT service and provide support to our students in 9 primary schools.

As a Speech & Language Therapist, you will be an important member of our inclusion team, supporting our students so that they can maximise their potential and also ensuring that their needs are met and developed effectively. We are fortunate in already having a very strong team in place with highly professional, caring and dedicated colleagues, working within excellent facilities.

The successful candidate will have a degree in Speech and Language Therapy and be registered with the Health & Care Professions Council (HCPC) and will have experience working with children.

We are looking for someone who is enthusiastic, that shows a real passion and dedication for our students, is resilient and who is progressive within the field of Speech and Language Therapy. You will be ambitious and will be able to deliver a transformational service for some of our most vulnerable students within the school. If that sounds like you, we would love to hear from you.

The focus of our Trust is to work with primary schools across the Wakefield District. The Trust was established in August 2016. Our VISION is to develop a community of schools working together to achieve excellent outcomes for all. We are currently a Trust of nine primary academies and are currently supporting other local primary schools as they look towards joining the Trust. We envisage our family growing over the next academic year.

Our aim is to support schools through collaboration. We ensure that our members are able to provide an excellent education for children, families and communities they serve. We believe in freeing teacher and leaders from bureaucracy to concentrate on providing the very best teaching, learning support and development that every child deserves.
